

Searching within react10g

- `crnwhales: github.com/rstudio/crnwhales`

- Run app:

• Very dense application!

- Using the search bar in the top right,  
search for to filter the graph

```
options(shiny.reactlog = TRUE)  
shiny::runGitHub("rstudio/cranwhales", ref = "sync")
```

"detail\_downloads"

reactlog

# Searching within `reactlog`

- cranwhales: [github.com/rstudio/cranwhales](https://github.com/rstudio/cranwhales)
- Run app:
  - ```
options(shiny.reactlog = TRUE)  
shiny::runGitHub("rstudio/cranwhales", ref = "sync")
```
- Very dense application!
- Using the search bar in the top right,  
search for `"detail_downloads"` to filter the graph

# cranwhales is dense!
